Appearance in Judicial Proceedings for Witness Service

I PURPOSE

This Instruction:

- A Sets forth procedures on the appearance of employees as witnesses in judicial proceedings.
- B Prescribes the collection and disposition of attendance fees and payment of travel and subsistence expenses in connection with such appearances.
 - C Explains the leave status of employees who testify.

II DEFINITIONS

- A The term "judicial proceedings" means any action, suit, or other judicial proceeding, including any condemnation, preliminary, informational, or other proceeding of a judicial nature, including an agency proceeding as defined below, but does not include administrative proceedings not so defined.
- B The term "agency proceeding" means a proceeding before a Federal agency for rule making, adjudication (formulation of an agency order), or licensing.
- C The term "fees" means the amount allowed as pay for attendance at judicial proceedings.
- D The term "travel expenses" means the amount allowed for transportation, lodging, meals, and other miscellaneous expenses related thereto.

III INVOLVEMENT IN PRIVATE LITIGATION

Employees are encouraged to make all reasonable efforts to avoid appearance as expert witnesses in private litigation. Advance alertness with respect to initial inquiries or "feelers" by litigants will often forestall a subpena. This policy is intended to further the type of public service expected of employees by avoiding the appearance of favoring one litigant over another. Any employee served with a subpena <u>must</u> appear, or be held in contempt of court.

V TESTIMONY IN JUDICIAL PROCEEDINGS

For purposes of this Instruction, judicial proceedings involving the appearance of employees fall in the following groups:

- B Employees testifying for the United States or the District of Columbia in legal proceedings not arising within the Department no subpena necessary.
- C Judicial proceedings in which the United States is a party in interest but the employee is not testifying in its behalf subpena required.
- D Judicial proceedings not covered by paragraphs A, B, and C, above, but in which the employee is called upon solely because of, or to testify in, his official capacity or to produce official records or information, or to testify as an "expert" witness where the value of his testimony arises from knowledge gained in his official capacity. Appearance may not be made without subpens except in proceedings before State or Federal regulatory bodies when the Administrator or his designee determines that appearance is in the interest of the Department.
- E Proceedings in which the State or local government is a party, and the employee is testifying in its behalf but not in his official capacity. (Government has no interest in this type of case.)
